

Ethical Fundraising Policy

Introduction

Rotherfield St Martin (RSM) welcomes and actively seeks fundraising, sponsorship, gifts and donations from individuals, companies and other organisations, to support its work to deliver its charitable purpose.

Legal: All fundraising must meet the requirements of the law.

Open: Fundraisers must be open with the public about their processes and must be willing to explain (where appropriate) if they are asked for more information.

Honest: Fundraisers must act with integrity and must not mislead the public about the cause they are fundraising for or the way a donation will be used.

Respectful: Fundraisers must demonstrate respect whenever they have contact with any member of the public.

Code of Fundraising Practice (2019), Fundraising Regulator

Purpose

RSM is dedicated to supporting older people in the prevention of isolation and loneliness. In order to sustain the work of the charity, RSM aims to maintain a broad base of income streams. The purpose of this policy is to provide guidance to staff and trustees in managing risk and conflict, whilst ensuring transparency and openness to all our stakeholders and funders. By adhering to the Ethical Fundraising Policy, we aim to minimise any risk of bringing the charity into disrepute as a result of collaborations with or fundraising from individuals or external organisations.

This document sets out Rotherfield St Martin's (RSM) policy on accepting donations.

Policy

1. We will refuse donations of funds that we judge to be unethically or illegally obtained.
2. We will not solicit or accept donations that present an unacceptable conflict of interest.
3. We will not solicit or accept donations when derived from a source that conflicts with RSM's ethical values.
4. We will not solicit or accept funds that have the potential to cause significant damage to the reputation of the Charity or its relationships with its membership.
5. All donations should be channelled through the Charity Manager to ensure adherence to the policy. If the Charity Manager is in any doubt, they will consult with the Board of Trustees for further clarification.

NB: The above lists are not exhaustive and are subject to change under policy review.

If as a charity we are in any doubt of the appropriate action to take, we will seek guidance from authoritative bodies such as The Institute of Fundraising, Charity Commission and the Fundraising Regulator:
